BUTLER CASH DEPARTMENT STORE.

Prison Labor Nets \$100,000.

Baton Rouge, La., Jan. 29.—The state of Louisiana, through use of its convict labor, has become one of the largest and most profitable individual planters of the commonwealth.

The past season's work was brought to a successful termination yesterday when the cane mills at Hope plantation, in Iberville parish, ceased operations, after having ground 22,000 tons of cane.

It is estimated that the net profits from the various sources of convict labor during the past season will amount to \$100,000.

Poisons in Food.

Perhaps you do not realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at Frank T. Clays drug store. Try them.

Seven Passengers Dug

Out of Snowdrift.

Detroit, Mich., Jan. 30.—Southwestern Michigan has been swept by a blizzard for the last twenty-four hours. A passenger train on the Buchanan division of the Pere Marquette has been buried in a snowdrift for sixteen hours at Hinchman. Seven passengers were dug out by farmers today. Reports of blockades and delayed trains and electric lines come from all along the shore of Lake Michigan.

Woman Hangs Friday.

Windsor, Vt., Feb. 1.—Sheriff Peck has wilted at the prospect of hanging Mary Rogers, the convicted murderer, Friday, and a deputy will officiate. Volumes of letters threatening the life of the sheriff have been received. The woman's counsel is trying a last effort to prove insanity by a line of progenitors.

Mrs. Rogers was convicted of the murder of her husband to secure \$500 life insurance. She tied his hands, then chloroformed him and threw his body in a river. She is 20 years old.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for 35 years. A sure protection to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada.

"Chadwick" Man is Dying.

Oberlin, O., Jan. 30.—The condition of T. C. Beckwith, who was president of the defunct Oberlin bank and victim of Mrs. Chadwick, is very serious. He has relapsed into a mental stupor and is apparently suffering from dementia. He does not recognize his most intimate friends and is generally believed he will not survive the week.

Stranger Shoots Young Girl.

Dallas, Tex., Jan. 30.—Miss Florence Craft, the 18 year daughter of Mrs. Craft at Millwood, Tex., was shot and dangerously wounded yesterday evening by a strange white man, whose identity has not yet been established.

She had been out in the corn field of the family with her two brothers, and on returning entered her own room. A man concealed inside, fired a pistol bullet into her breast, just above the heart.

The bullet passed through the body, lodging under the skin at the back, and was cut out by physicians. Miss Craft is not expected to recover. The man who shot her has not been captured.

Elkins Fighting Battle

of The Bolting Forces.

Washington, Jan. 30.—Strong influence is being exerted in the East to secure the election of Richard Kerens to the Senate from Missouri to succeed Senator Cockrell.

Senator Elkins of West Virginia, a personal friend of Mr. Kerens, has taken up the fight, and is said to be in communication with New York and other large interest to help the latter. He caused the broadcast scattering today of the Niedringhaus charges with the \$21,000 campaign contribution, of which so much has been said.

Mr. Kerens, in a letter to Mr. Elkins, reviews the situation, asserting that "all he is being moved" to keep Niedringhaus out of the senatorship. He asks Mr. Elkins to help him, and the West Virginia senator is marshalling his friends in the Senate to come to Kerens' aid as much as possible.

Bank Looted; Two Men Dead.

South McAlester, I. T., Jan. 30.—The Farmers' and Mechanics' bank at Canadian, nineteen miles north of this city, was looted this morning about 3 o'clock.

The safe was blown and 1,300 in cash taken. A few hours later two men were found dead alongside of the railroad tracks near Canadian. They had been shot and thrown from a train. No identification marks were found.

It is believed that they were connected with the bank robbery, and were probably killed by a confederate.

His headquarters will be in San Jose, Cal., several months. He will then return East. When asked: "How about your race for railroad commissioner?" he said: "You may say to my friends throughout the state that I will be a candidate before the Democratic convention two years hence and do not intend to lose my residence in Missouri."
